

**PROMARK T-1000**

ProMark T-1000 is the latest addition to the ProMark family. It is an upgrade of our most popular profile printer ProMark T-800.

New feature is that its menu is now available in Polish, English, German, French, Swedish, Russian, Spanish and Portuguese.

The printer has its twin version – ProMark T-1000C – with the Russian alphabet (Cyrillic) keyboard.

The symbol library has been expanded with the following special characters:

Accessories for ProMark T-1000 are the same as for T-800, they only have new article numbers. The prices are the same as for PROMARK T-800 and its accessories.

The software WinSign T-1000 version 7.01 is delivered with ProMark T-1000.
